Lunchroom Guidelines

In an ongoing effort to make the lunchroom a positive and nutritious time for students, the following guidelines have been implemented:

- ❖ Students in K-5 will be served the complete school lunch. Each day there will be choices for the main dish. Students may select the hot entrée, sandwich, or yogurt & cheese. We ask that parents discuss these choices with their child/children.
- ❖ If your child brings lunch from home, he/she can purchase milk from their lunch account for 40 cents. Also, students in grades 4-5 are given the option to purchase extra sides, or an extra main dish with an activated lunch account.

****If a parent wishes that their child not purchase "seconds" they must put their request in writing and give it to the school office.***

- ❖ Remember - the minimum balance in your family lunch account is \$5.00 per student (i.e. 2 students = \$10.00 balance).
